

Future Fit Leadership

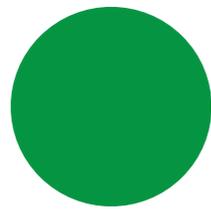

Conscious Potential Ltd
Creating space to develop potential

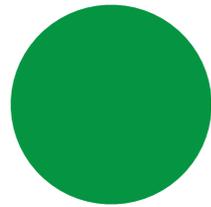

Are your Leaders Future Fit?

In these changing times the importance of developing leaders and managers to cope with challenges and the change they face becomes even more paramount.

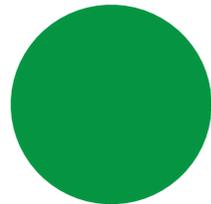

The Future Fit Leadership programme

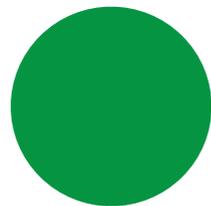

A practical and blended learning programme that builds, develops and enhances leadership skills, knowledge and behaviours

Contemporary, credible and engaging

Tailored Leadership Assessments to further support learning

Institute of Leadership & Management Approved

It all starts with just one step ...

*“Every advance, every conceptual achievement
of mankind has been connected with an
advance in self awareness.”*

– Dr Carl G Jung

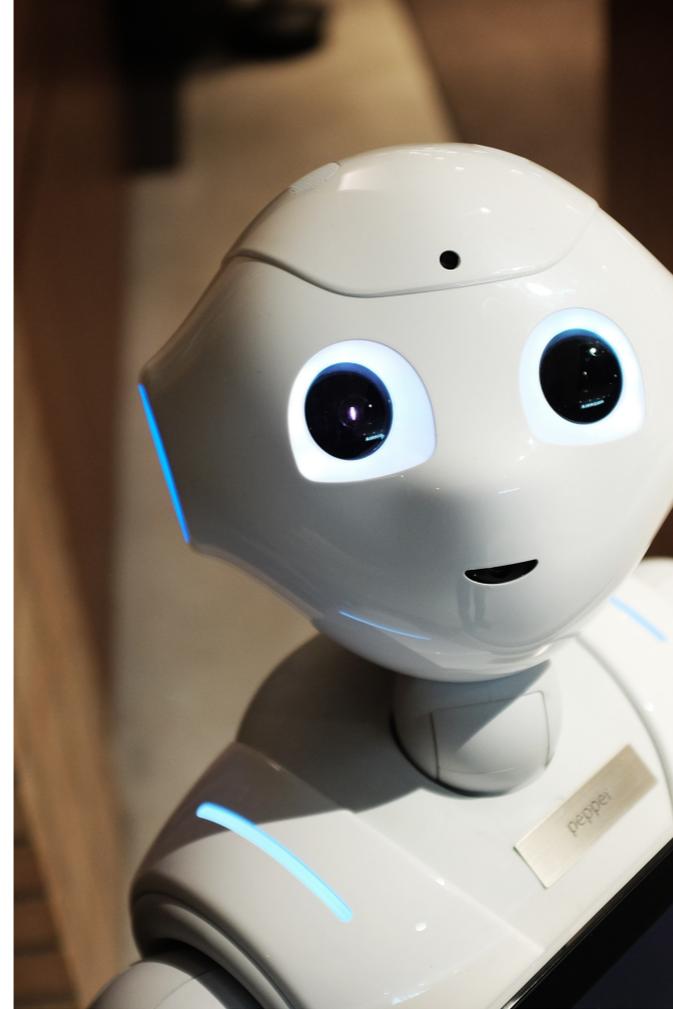

Self awareness is key to the success of our programme and we start by taking each leader through a series of Leadership Assessments.

The choice of assessment is dependent on the leader and the organisations requirements.

We might for example recommend a Leadership 360 with an Insights Discovery profile or we might focus on strengths with Gallup CliftonStrengths.

Each leader is supported throughout their Leadership journey with a Leadership Coach to help them in assessing where they currently are, where they need to be and how to get there by creating a tailored development plan.

Skills, Knowledge & Behaviour

The next step in the programme is a series of workshops that build, develop and enhance each leader.

The first of our workshops 'Becoming a Future Fit Leader' where individuals discover, learn and develop their leadership to become 'Future Fit'

We then focus on how to Lead Change, Risk and Innovation successfully.

Finally our last steps are Driving High Performance, creating a coaching culture and getting accountability.

It's all Approved

The Institute of Leadership & Management is much more than a professional body.

Since 1947 we have carried out extensive research into the knowledge, skills, attitudes, behaviours and values of great leadership. We use our expertise to continually raise standards and to help others develop and grow. We are the leaders in leadership.

Future Fit Leadership is an Institute Approved programme, which recognises that the development is recognised, benchmarked and provides a kite-mark of quality.

You will also gain access to discounted student membership as part of the programme, which allows learners to access a wealth of resources including guides, webinars, blogs, podcasts and [free Leadership events](#).

One of the resources is a unique e-learning package called '[MyLeadership](#)', which is tailored to suit your skills requirements, wherever you are on your leadership journey.
